The California Genealogical Society is pleased to have local Bay Area author [Frances Dinkelspiel](#) as the guest speaker at our March membership meeting. Frances' book, [Towers of Gold: How One Jewish Immigrant Named Isaias Hellman Created California](#) has been getting rave reviews since the book was released last November.

Frances will share some of the backstory about how she learned about her great-great-grandfather and the eight years she spent researching and writing the book. It's fitting that Frances lecture at the CGS Library because a bit of her research was done here - a small bit when compared to the time she spent at the California Historical Society reviewing over forty cartons of her ancestor's papers.

Please note that the short membership meeting starts promptly at 1:00 p.m. Frances' talk follows at 1:20 p.m. She will be available afterward to autograph and sell books.

### Book Donations to the CGS Library

#### Wanted: Town and County Histories of the Western States

CGS Librarians Laura Spurrier and Barbara Hill are requesting member donations to help round out the book collection and fill in some spaces on the book shelves.

They are specifically seeking county or town histories or genealogies for any of the states west of the Mississippi with emphasis on the states through which migrants to California passed, either in a single generation or in stages. For instance, the CGS Library has little on Texas or Colorado and most of the deep south is under-represented. The library has respectable holdings on Virginia, Georgia and North Carolina, but very little for the other southern states. Laura feels that it is important to improve the collection since it is known that Confederate soldiers migrated west after the Civil War and that many of them ended up in California.

If you have a suitable book for donation to the library, please call 510-

663-1358 or [e-mail the society](#).

## CGS Ancestors

### Photo Tributes to the CGS Family

This month's CGS Ancestor Photo was submitted by **Sally Houston**:

The first professional photo is of Clara (Towle) Thomas and her first six grandchildren. Her two sons, twins, moved from Illinois about 1909-1911, married their Illinois sweethearts, and started their families in Richmond, California. One twin, Charles E. Thomas, had three children,

the other, H. Claud Thomas, had seven, the first three of whom are in this photo, taken about 1914, in Richmond.

*The second photo, circa 1917, is of Claud and wife Ethel's first five children; my mother was the baby. Charlie and family remained in Richmond, but after Ethel's death, Claud moved to Oregon about 1930, and parents Clara and Walter Thomas went with them. I do have other photos of the family in Richmond, including lots of the usual snapshot types, showing the twin fathers, The way to tell them apart seems to be by the family members grouped around them since they dressed alike (or at least it looks like it in black and white.) The formality of suits and ties in casual situations makes it difficult to be sure.*

## Special Announcement!
