When in the Course of human events it becomes necessary for one people to *dissolve the political bands* which have connected them with another and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a *decent respect* to the opinions of mankind requires that they should declare the causes which impel them to the *separation*.

-- The Declaration of Independence, signed unanimously July 4, 1776

Going into effect on June 1st are modest changes to our Membership Rates, so if you have been thinking about joining the society and want to get a good deal - don't wait. Now is the time to join at our current rates.

In June the cost of a Basic Membership will increase from \$40 to \$45 annually and from \$75 to \$85 for a two-year subscription. Still a bargain. Family Memberships will increase by \$20 per year. The Student Membership category was changed to a "Youth Membership" with the cut off for being considered a youth at age 30. The fee for a Youth Membership will increase from \$20 to \$25.

Life Membership has been clarified to be only for one person. But, if a partner in a couple also wants to be a Life Member, the second person can join for an additional \$600 which is half price.

We hope you will agree that the value of your membership is well worth the cost and that you will continue to participate actively in the society so you can take advantage of the many things we offer - great classes, field trips, research trips, membership meetings, and opportunities to work with other members on projects.

Our Mayflower friends across the hall our changing their available hours. Their new hours are Friday and Saturday, 10:00 AM to 5:00 PM starting May 24th.

### Growing No-show Trend for CGS Classes: Nominal Class Fees in 2019

Free classes are a wonderful privilege of CGS membership that many enjoy. With our limited classroom space, classes are often full. This year, there's been a trend of registered members not showing up and

not cancelling their reservation. The rate of no-shows has been running close to one-third of registered attendees. Examples below.

Why does this matter? First of all, it means those on the waiting list have no chance to get notification and fill in those spots. Also our speakers can't help but be aware of the empty chairs and fewer folks to benefit from all the work they put into sharing their expertise.

In 2019, consistent with recommendations in the strategic plan and approval by the Board, some classes for members will have a small fee. This will be phased in over the year. Many classes, including our Introduction to Genealogy and a new series on the third Saturday of each month at the Oakland FamilyHistory Library, will be free. We also provide links with your class reservation and reminder to make it easier to notify us of a cancellation. We hope this will address the problem above and provide some much-needed funding for even more and better offerings.

Perhaps they did have partners but there is no legal documentation or family acknowledgment. This class will explore census, newspapers, obituaries, military records, photographs, phone books and archives for clues on our ancestor's sexuality. We will also explore LGBTQ History and many individual stories giving context to the available records. Discovering our LGBTQ ancestor's stories will enrich our entire family history.

Learn about the growing number of online archives and get tips on saving images and citing them for your records.

Thursday, Aug 8, from 6 - 8 p.m.

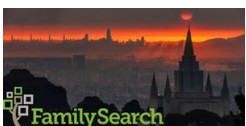

[Proud to Be Portuguese](#) with Ralph Severson

## Volunteers!

### Looking for a summer activity?

It's summertime.....kick back, soak up some rays, enjoy an umbrella drink and think about what you can do to keep our 121-year-old organization alive and thriving!

For instance: CGS could use a few more volunteers for several of its committees. If you have been procrastinating about volunteering, this is a good time to jump in and lend us a hand!

Currently, we need some additional help on our Events, Membership, Marketing, Desk Duty and Technology Committees. Most of our volunteer positions involve a commitment of just a few hours a month. In some instances, work can be done offsite (from home). Other jobs take place at the CGS Library - making it a good opportunity to do your own family research at the same time!

If you have been thinking about stepping up to work with our all-volunteer organization, but want a few more details, contact [Kathleen Beitiks](#).
