**HUSBANDS GROWING CRUEL**  
 Statistics Which Indicate That  
 Women Dislike the Bonds

The following statistics dealing with the divorce question, as adjudicated by the courts of this city, furnish an interesting study. By reference to the comparative table it will be seen that the number of divorces granted in 1888 exceeded those of 1889 by 111. At the same time the record for 1889 shows the ratio granted on application of the wife is in about the same as last year. The record for 1880, when compared with the three previous years, is certainly very gratifying with the exception of the single ground of cruelty, which looms up with undue prominence:

Divorces	1889	1888	1887
Number granted	356	467	413
Granted to wife	276	350	331

In 1881 there were 302 cases; in 1883, 342 cases; 1882, 362 cases; 1881, 363 cases, and 1888, 333 cases.
